EcoCampus AI — Sustainability & Resource Report

Generated on 2026-10-08 12:21:07 | Campus: EcoCampus Main Campus

Metric Category	Assessed Value	Sustainability Impact
Report Type	AI Impact Report	Official Facility Audit
Reporting Period	Current Cycle (October 2026)	Active Cycle
Campus Sustainability Score	85.0/100	Tier: Excellent (A+)
Energy Conservation	7,350.0 kWh	Peak shaving setback
Water Conservation	36,000 Liters	Leakage containment
Financial Cost Savings	Rs. 55,125.00	Verified utility avoidance
Scope-2 CO2 Abatement	6,027.0 kg	Avoided thermal emissions
Active Anomalies Identified	3	IsolationForest Flagged
Actionable AI Recommendations	4	Decision Engine Guided

EcoCampus AI Decision-Support Notice: This report reflects predictive algorithmic analysis and continuous IoT/meter telemetry ingestion. All recommendations require administrative verification prior to mechanical modification.
